

## Air Pressure Fittings: Air Hose

### Technical Specification

- Standard length: 40m
- Temperature range: -20°C to +70°C
- Burst pressure up to 53.8 bar
- Working pressure up to 21 BAR (dependant on the size)
- Constructed to BS 5118 Part 2 specification
- Complies with EN 2398 Type 4A
- Construction: Lining - Oil mist resistant SBR Rubber,  
Cover - Cloth finish black SBR/EPDM Rubber

### Features & Benefits

- Extremely versatile
- Hardwearing

### Applications

- For water and water based slurries in general industrial, civil engineering and agricultural uses
- Heavy duty air applications such as compressors

Code	Material	Size	Pressure BAR	Pressure PSI
<b>Mandrel Built Black Air/Water Rubber Hose</b>				
HS541Z013022A	Rubber	13mm x 22mm	21	300
HS541Z019028A	Rubber	19mm x 28mm	21	300
HS541Z025035A	Rubber	25mm x 35mm	21	300
HS541Z032046A	Rubber	32mm x 46mm	21	300
HS541Z038052A	Rubber	38mm x 52mm	21	300
HS541Z051065A	Rubber	51mm x 65mm	21	300
HS541Z076092A	Rubber	76mm x 92mm	21	300
