

## Quick Release Couplings: QuickBreak® ISO B

### Technical Specification

- ISO7421-1 Series B
- Sizes 1/8" to 1 (1 1/4" to 2" available to order)
- Materials: Brass, Plated Steel, Stainless Steel 303, 316 available
- Buna, Viton, EPDM & Neoprene seals
- Working pressures up to 300 bar (depending on material & size)
- Double shut-off valve configuration
- Effective ball-locking system
- Special seals are available on request

### Features & Benefits

- Interchangeable with other fittings manufactured to ISO-B standard
- Superior pressure and flow characteristics
- Sleeve lock if required
- Quick, easy and simple to operate

### Applications

- High pressure hydraulic circuits
- Hydraulic pumps, valves quick tool change
- Die casting
- Test benches
- Plastics industry
- Steel industry
