

Quick Release Couplings: QuickBreak® H

Technical Specification

- Sizes 1 1/4" to 2"
- Available in Brass, Plated Steel, S/Steel 316, S/Steel 303
- BSP Threads, NPT available in request
- Seals are Buna or Viton
- Valved and Plain versions
- Ball locking system
- Pressure ratings dependant on size, material and valved or plain

Features & Benefits

- Interchangeable with Snaptite H Series & Dixon V Series
- Poppet style coupling
- Sleeve lock option available
- Quick, easy and simple to operate

Applications

- General in-plant use
- Chemical transfer
- Chemical injection
- Test equipment
- Hydraulic circuits
