

Hose Clamps: Mikalor Super (W1)

MIKALOR

Technical Specification

- Sizes: 17mm-19mm to 240mm-252mm
- 8.8 Grade Steel nut and T-bolt
- Carbon Steel, Zinc Plated and Gold Passivated
- Pressures 3 to 48 Bar
- Torque 4.5 to 50 Nm

Features & Benefits

- Heavy duty
- High strength
- Easy assembly
- Reliable
- Durable
- Effective
- Beveled edges protect hose

Applications

- Agricultural applications
- Waste water extraction
- Mining and quarrying equipment
